Continuation of 11. does NOT place the application in condition for allowance because: Response to Arguments Applicant's arguments filed 08/08/06 have been fully considered but they are not persuasive.

In response to applicant's Remarks, applicants argue: "The Feldis reference reference discloses that if the "Field does not contain any tag, thenthe user may edit" (see paragraph 38 of Feldis). In contract, present claim 12 discloses that "only if the free-to-edit tag is included" may the user edit. Feldis is thus the opposite of present claim 12."

Examiner disagrees. Feldis clearly teaches determining if there is one or more tags in the image tag field, user may edit (see par. 0039). Therefore, Feldis reference discloses all limitations of the present claim 12.
